important information

HOW TO CHOOSE A PAVING CONTRACTOR

Choosing a paving contractor is an important decision. Listed below are some questions you should ask your paving contractor:

- **First ask the layer how long he has been doing this kind of work.**
- **Ask him to give you names of customers for whom he has carried out similar work.**
- **Do not simply ask their names, call these people to check their level of satisfaction or better still go and see the work that was completed.**
- **Make sure that you understand the installation process well and ask for pictures as well as samples of products in the colours of your choice.**
- **Ask your layer for a written quotation before the work commences. The quotation should include a detailed description of the proposed work and schedule for executing it.**
- **Ask the layer to guarantee his workmanship. Finally ask the layer if he has Public and Employer liability insurance.**

GETTING THE JOB DONE

Having chosen your layer it is essential that you meet on site at the start of the project to explain in detail your exact requirements. You should then take an active interest in the job to ensure that the work is done to your satisfaction. Please ask the layer to ensure that the paving is laid with adequate falls to allow water to run off. All too often problems occur because the customer only inspects the job at the end. Remember it is easier and cheaper to make changes as the job progresses than when it is fully installed.

ORDERING

To avoid wastage you must get your paving contractor to accurately measure on site before ordering material from Tobermore. We often find that the dimensions used for the initial project plan are significantly changed on site. Please note that Tobermore do not accept returns on any materials.

RETURNS

Please note that Tobermore do not accept returns on any material.

MULTI-BLENDS

To achieve an even blend of colour when laying Multi-Blend paving blocks, it is desirable to mix products from three or four different pallets.

MAINTENANCE

Regular maintenance will keep your paving in pristine condition. Please refer to your Tobermore Paving & Walling brochure for advice on maintenance.
