Old Court flags have captured the imagination of all customers and in a relatively short period of time have become an established alternative to traditional stone for discerning customers and specifiers. Their fettle edges and riven face add to the warmth and charm of these flags and make them an ideal flag for both old and new properties.

Old Court flags are manufactured in three colours: Harvest Gold, Weathered York and Slate Grey. They are sold in packs containing six different sizes which allow for the creation of a random laying pattern. Circular features are also available. Separate laying guides are available on request from Tobermore for Old Court flags.
