Tegula Setts are the ideal product for bordering any of the Tobermore paving products. They blend perfectly with rumbled products such as Tegula and Retro but also provide the essential contrast to the modern finishes of Sienna or Shannon. Tegula Setts can also be used independently and can recreate the old cobbled effect of yesteryear.

Classical fantail and circular patterns can open up a whole new world of ideas for the creative designer with specially shaped blocks enabling the creation of accurate circular patterns and effects.

product specifications

Manufactured to	BS EN 1338:2003
