

PICSEAL

ULTIMATE PROTECTION

THE FINAL SOLUTION

PICSEAL block paving sealer has been developed to combat the constant problems of staining and weed growth and to enhance colour and aesthetic appeal. New or mature block paving can be transformed with the easy spray application. **PICSEAL** reacts with the natural pigments in the blocks providing a sealed and easy-to-maintain finish as well as hardening the top layer of jointing sand.

THE BUSINESS OPPORTUNITY

PICSEAL represents an ideal business opportunity to contractors already involved in the block or general paving industry. Not only can you offer the sealing service to your own clients but also all other projects installed in your area. **PICSEAL** is ideal for driveways, patios, courtyards and other general paved areas. The **PICSEAL** product is backed by the constant development and resources of PICS Ltd, the market leader in block paving protection.

OUR COMMITMENT TO SERVICE

PICS Ltd offers a National Delivery Service through the UK on a Next Day or 3-Day Economy basis by pallet or parcel carrier. Our commitment is to supply all orders as placed and we offer a no-quibble guarantee of quality.

TRAINING & EQUIPMENT

PICS Ltd offer on-site demonstrations as well as individual training in the application of **PICSEAL** and surface preparation. A range of equipment packages are available to suit all budgets. We advise on sales and marketing in addition to offering product samples and a range of ancillary products.
