Instructions and Warnings;

Any dimensions shown are approximate. Please allow for product tolerances and joint widths. This is a suggested laying pattern for guidance only and does not allow for cutting or wastage. This will vary depending on the complexity of the specific project layout. Where several different sizes are being mixed together the percentages shown are approximate and for guidance only. Tobermore Concrete Ltd cannot be held responsible for any product short or left over. All laying patterns should be chosen not only for their aesthetics but also for structural performance. It is the designers responsibility to ensure the product and laying pattern specified is suitable for it's intended use.
