Simply Wipes Clean

# Beaufort with EasyClean

## Relax, it's EasyClean

Beaufort with EasyClean is an ideal paving choice for any home. The natural stone effect finish will repel spills and staining so you can spend more time enjoying your outdoor space and less time caring for it.

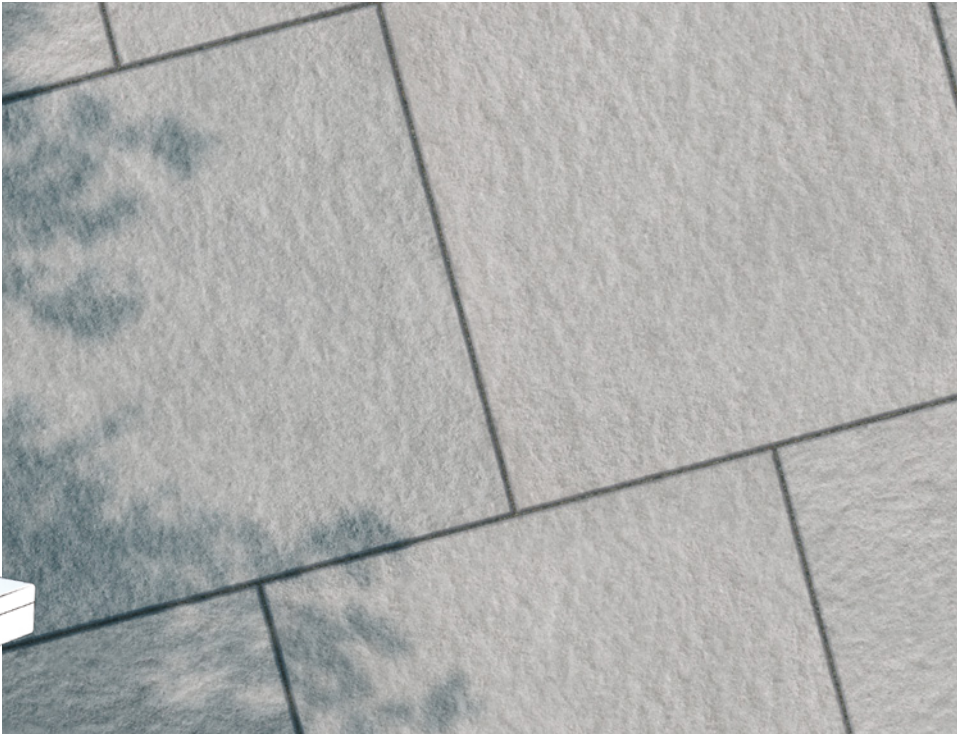

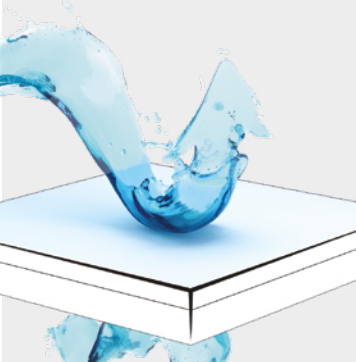

Choose from Beaufort's two natural shades and consider our range of edging and walling products to complete your garden project.

-   
Repels liquids
-   
Resists staining
-   
Simply wipes clean

**Water resistant core & surface**

The secret of Tobermore's stain resistant technology lies not only in the surface protection, but in the core of each slab which is manufactured to be inherently water resistant.

## EasyClean Stain Resistant Technology

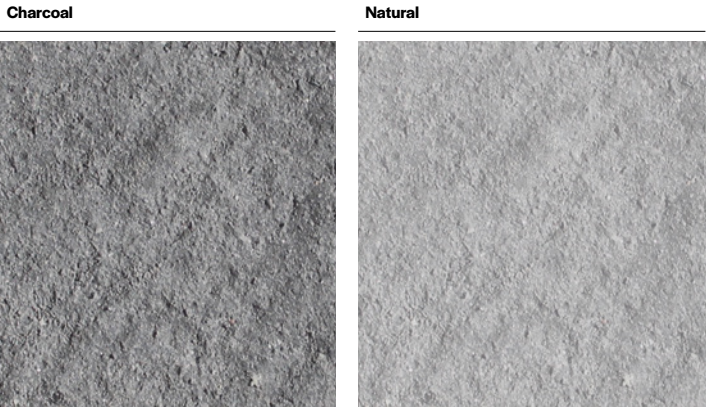

Tobermore EasyClean paving resists stains from infiltrating the paving surface so spills can simply be wiped away. EasyClean will stay looking fresher for longer and is less susceptible to weathering, moss and greening than traditional paving, so you won't have to clean it as often.

### Easily cared for

Simply wipe up spillages from the surface, and then wash away with warm soapy water. Garden debris should be brushed and hosed away, however power hosing is not necessary.

### Spillages simply wipe away

For best results and to make cleaning as easy as possible we recommend that the exposure time of any spillage is kept to a minimum, and removed as soon as possible after contact (ideally within two hours).
