# Wentworth Grange, Sutton Coldfield

**Developer** Damson Homes  
**Contractor** Seddon  
**Groundworker** Kingstone Civils

## The Challenge

The external landscaping of the high-end residential property had to be equally as magnificent as its interior.

'Wentworth Grange' is set in a quiet cul-de-sac within the prestigious Four Oaks Estate, which is one of the most desirable locations in the West Midlands. The extensive accommodation spans over 5,500ft<sup>2</sup>.

Damson Homes chose Tobermore for the hard landscaping on this luxurious family home because we have used them in the past and have a good relationship with them. We are very happy with the quality of the paving and the finished look of the development. Damson Homes would be happy to recommend Tobermore."

**Ray Sketchley**  
Director, Damson Homes

## The Solution

Tobermore's Sienna block paving range adds to the exterior charm of Wentworth Grange.

The detached gated residence is approached via a striking Tobermore block-paved driveway. Sienna provided the high-end external finish which the new build mansion deserves.

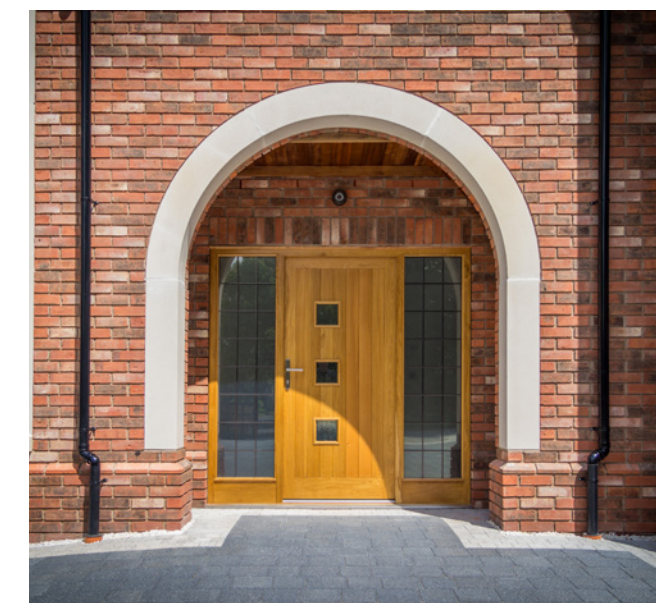

The granite aggregate range complements the aesthetic aspirations of the residence while promising longevity due to its durable nature.

With a vibrant granite appearance and superb hard-wearing surface, Sienna is an aesthetically stunning yet technically sound block paving option.

Adding fresh, contemporary kerb appeal, it is no wonder Sienna is a popular choice for pathways, courtyards and borders.
