

HOW TO PHOTOGRAPH YOUR PAVING

To enable us to review your query promptly and professionally please submit no more than **5 images** using the information below for guidance.

Please note if the images supplied to us do not meet the criteria below we may not be able to proceed with an assessment of your query.

Get as much of the **overall area** in the image

Provide a couple of **different angles** of the overall area.

Show the **drainage** (gullies, drainage channels etc)

Take some **closer up images** but don't make all your images close ups

Take **1 or 2** close ups

If there are several products effected take an image which **shows them all**.

** Images should be as clear as possible.*

**In accordance with the Data Protection Act do not include any images with children in them.*
